

Brothers and Sisters

I sent out letters to every Post Office for posting on the Unions bulletin board, announcing a meeting at the APWU Local 387 Union hall on September 20, 2011. The Topic was the creation by management of the **Non Traditional Full Time (NTFT)** jobs.

I would like to let you all know the APWU position on **Non Traditional Full Time (NTFT)** jobs that management is creating in your offices. We are advising that unless you truly desire one of those NTFT positions that you don't bid out of fear of being exceeded. It has come to our attention that management has been using the excessing fear tactic to get us to bid on these jobs.

We had the meeting on August 20, 2011 at the Local 387 Union Hall. About fifteen members showed up. We a long and fruitful discussion, when it was finished, I believe we were all on the page. Please if you want or need any information on this issue or any other issue please do not hesitate to call or e-mail any one of your officers with a question; see the contact information on this web page. We want to help in any way we can you just have to let us. Check back frequently for updates and information.

PS: If anyone would like to be the contact person for your office please contact me with your information and will gladly accept your participation...

Yours in Unionism
